Part# 22-0010

HCEC-6S

Product Description:

- Single stage vacuum pump with ultimate vacuum level up to 75 microns.
- Single voltage 115V/60Hz.
- Patented NO MESS Oil Drain system.
- Ergonomically designed handle for comfort and easy portability.
- Internally baffled exhaust to minimize oil mist.
- Reinforced base to absorb normal wear and tear.
- High Velocity air cooled motor to allow operation at higher ambient temperatures.
- Oil Sight Glass to easy viewing of oil level and oil contamination.
- Three inlet port 1/4" FL, 3/8" FL & 1/2" SAE with plastic protective caps.
- IEC 320 Inlet port for detachable Electrical Power Cord Set.

PRODUCT NAME PLATE

Voltage Frequency	115 Volt - 60 Hz
Free Air Displacement	6 CFM 180 l/m
Ultimate Vacuum	75 microns
RPM	230W
Power	3440 (60 Hz)
Oil Capacity	13.9oz./410ml
