

HVAC-R LEAK SEALER KIT

HC PRO® PRODUCTS
Miami, Florida USA

www.hcproproducts.com

HC PRO HVAC/R LEAK SEALER IS FORMULATED TO STOP MOST MICROSCOPIC LEAKS. THE 2OZ SYRINGE CAN TREAT UP TO A 6 TON UNIT.

Product Description

- Seal leaks in A/C Units and Refrigeration Systems.
- Does not contain harmful polymers and will not harm A/C system or components.
- Does not react to air or moisture.
- Compatible with all lubricants and refrigerants.
- Reduces compressor noise and extends compressors life.
- Safe for all A/C systems, components and equipment's.
- Ideal for preventive maintenance and leak protection.
- Advance formula that protects against future corrosion.

45° SWIVEL ADAPTER

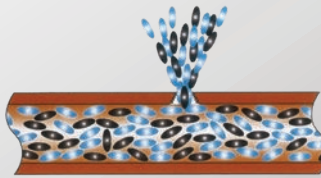

- 45 degree swivel brass adapter for easy application.
- Internal check valve for safety operation.
- Reusable, Residue free.
- Compact design eliminates product waste.

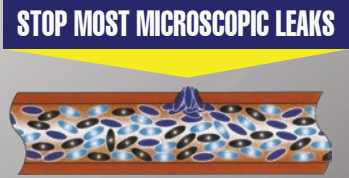

IMPORTANT

For systems with high pressure, particularly in R410a and R22 applications, you must put the system in a shallow vacuum to alleviate low side pressure for easy application. (HC PRO® HCAD410 Adapter is not included.)
