SAFETY DATA SHEET

1. PRODUCT AND MANUFACTURER IDENTIFICATION

Product Code: 6-9718

Supplier: DIVERSITECH CORP.
6650 SUGARLOAF PARKWAY, SUITE 100
DULUTH GA 30097 – U.S.A

2. PRODUCT DESCRIPTION: Single-Side Adhesive PE Foam Tape
(Roll Size: 1/8" x 2" x 30')

Composition / components information

Carrier: Black color Cross-Linked PE Foam (Density: 30Kg/m³)

Adhesive: Synthetic Rubber based Adhesive with Tissue Carrier

Release Liner: White color siliconized 100gr/m² Paper

The product contains no substances in concentrations exceeding the limits set out in Annex 2 and 3 of the Regulation (EC) 1907/2006.

3. HAZARDS IDENTIFICATION

This product is not considered dangerous to humans and/or the environment according to Directive 1999/45/EC. Complies RoHS directives – Regulation (EC) No. 1907/2006 & 1272/2008.

There is no evidence to suggest that the product may produce adverse physicochemical, human health or the environment arising from correct or incorrect use can reasonably be foreseen.

4. FIRST AID MEASURES

Inhalation: Non-applicable

Ingestion: Do not lead into vomit. Seek urgent advice from a doctor.

Skin contact: In the event of skin hypersensitivity it can cause irritation. In such a case, go to a doctor.

Eye contact: Wash eyes with abundant water. Seek urgent advice from an ophthalmologist.

6650 Sugarloaf Parkway, Suite 100, Duluth, GA 30097
(678) 542-3600 GST 868139833

5. PROTECTION MEASURES FOR FIRE EXTINCTION

Appropriate extinction means:

Pulverized water, dry extinction means, carbon dioxide (CO₂). During the fire, the product may give off fumes causing tearing and asphyxia, plus carbon dioxide and other volatiles.

6. MEASURES TO TAKE IN CASE OF ACCIDENTAL SPILLAGE

As the product is solid and insoluble, accidental spillage it is not expected.

7. HANDLING AND STORING

Handling: Conditions that generate static electricity and/or which may produce sparks should be avoided. Avoid sources of ignition. Use systems for static charge reduction. The liner (paper), in rewinding and unwinding processes, can be sharp, so it is necessary to avoid touching the sides of the material in these processes. Pay special attention to avoid entrapment in moving parts of machinery in these processes. Use security cells or alternative safety systems.

Preservation: In dry place between +5 °C and +35 °C, away from direct light and in its original packaging

Specific uses: Adhesive Foam Tape for industrial use.

8. CONTROL OF PERSONAL EXPOSURE/PROTECTION

Exposure limit values: The product does not contain solvents, so exposure limits are not established.

Exposure control: Ensure adequate ventilation.

Respiratory protection: Not required in well-ventilated areas

Hand protection: Wear gloves to avoid sharp edges of the paper in its use, especially in the winding process (see point 7).

Eye protection: Wear safety goggles, in case there is a risk of contact with the material.

Skin protection: Apply usual hygiene rules.

Controls on environmental exposure: There are no established limits.

6650 Sugarloaf Parkway, Suite 100, Duluth, GA 30097
(678) 542-3600 GST 868139833

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Solid

Foam & Adhesive colour: Black & Transparent

Liner colour: White (siliconized glassin paper)

Smell: Light

PH: Not defined (solid product)

Ignition point: Not defined

Water-solubility: Very low

Foam density: 30 Kg/m³ (+/- %1)

10. STABILITY AND REACTIVITY

Heat descomposition: None during a correct manipulation

Dangerous reactions: None during a correct manipulation

11. TOXICOLOGIC INFORMATION

There is no data regarding inhalation, dermal contact, cytotoxicity, ingestion and eye contact. However, due to material characteristics, we should consider the product as low risk.

The product has been in continuous use for many years and has not shown adverse effects in normal handling until now.

12. ECOLOGICAL INFORMATION

Our products are not damaging to the environment, as they do not contain solvents, CFC gases, benzene or heavy metals.

Ecotoxicity: Not determined

Mobility: Not applicable

Persistence and biodegradability: Not determined

Bioaccumulation potential: Not applicable

Results of PBT assessment: Not determined

Other adverse effects: Not specified

6650 Sugarloaf Parkway, Suite 100, Duluth, GA 30097
(678) 542-3600 GST 868139833

13. DISPOSAL INSTRUCTIONS

Regulations currently in force should be observed for incineration or disposal; for instance: controlled rubbish tips or appropriate incinerators.

14. TRANSPORT INSTRUCTIONS

The product does not contain any substance considered as hazardous. Transport in original packaging.

15. INFORMATION ABOUT REGULATIONS

According to CE guidelines no classification or special labelling are required for this product. Due to the product characteristics, an evaluation about chemical security has not been done.

16. ADDITIONAL INFORMATION

The information shown in this safety sheet only refers to this specific product, becoming not valid when this product is used in combination with others

The data shown match our present knowledge and they do not represent a property guarantee.

The user of our product should observe, under his/her liability, the respective regulations and guidelines.
